

# *SERIES 5502 LAB TABLES*

---

**Panel Specialists, Inc.**

- Tables feature a one-piece molded 56" x 56" x 1" thick black epoxy resin countertop with two service turrets held up by a heavy-duty metal frame with an ABS molded pan for aesthetics and safety placed under the top. A drop-in black epoxy trough with two combination-vandal-resistant water/gas fixtures on each turret and two 20 amp 120V duplex electrical outlets are standard.
- Options include hanging cabinet pods and support rod assemblies.
